

Why the "Little Chino Valley" Dairy Farmer nets more from

8 COWS—

- than the Salt River Valley Farmer nets from

35 COWS

read the facts--

Last week a Salt River Valley dairyman visited the Little Chino Valley—Arizona's new mile high irrigation project that will control the highest priced market in America. This dairyman is milking 35 cows and his average monthly milk check is \$210. It costs him \$60 a month for a milker and and \$85 a month for feed—leaving a net profit of only \$65 a month.

This dairyman called at the ranch of a little Chino Valley farmer who is milking ONLY 8 COWS and selling the MILK in Prescott at 30 CENTS PER GALLON WHOLESALE. He sells 25 gallons a day to one drug store—or a total of \$225 WORTH OF MILK PER MONTH.

The Little Chino Valley farmer is receiving GROSS from his 8 cows more than the Salt River Valley dairyman is obtaining from his 35 cows. His cost for feeding and milking is about \$35 per month—leaving him a NET PROFIT OF ABOUT \$190 PER MONTH.

Do you realize that the Little Chino Valley man is actually netting more than TWICE AS MUCH FROM HIS 8 COWS as the Salt River Valley man is NETTING FROM HIS THIRTY-FIVE?

Why continue dairying in a strictly butter-fat country when the highest priced milk market in the United States is up in Yavapai County—a market that is caused by high prohibitive freight rates, and a very limited amount of land with adequate water supply?

Here is our proposition to Salt River Valley Dairymen--

If you have 30 cows or more (clear) we will sell you 40 acres IN HEAVY STAND OF ALFALFA, and 40 acres on which you can raise silage crops. We will provide the money to build a house, dairy barn and silo. The land in alfalfa will cost you \$125 per acre—and the other land (all with water stock) will cost you \$100 per acre. We will charge you only for the actual cost of the buildings. We will allow you to move your cows up here, AND YOU NEED NOT PAY A CENT DOWN ON THE LAND. Merely give us a mortgage on the cows and the land, and you CAN HAVE TEN YEARS TO PAY FOR EVERYTHING!

Could any man ask for a more liberal proposition? How long do you think it would take for you to pay for your land in a country where 8 cows bring a much larger return than 35 cows will in Salt River Valley? Potatoes bring \$1.50 to \$2.50 per hundredweight. Apples bring \$1.75 per box. Grapes 5 and 6 cents per pound. Write or call for our new booklet, giving facts, figures, testimonials, etc., about the best farming opportunity in the United States—right in the heart of Arizona's great mining district—where mining is now on a permanent industrial basis and will continue for generations. Our booklet tells all about this "Land for Milk and Money." You'll be genuinely surprised at the information it contains.

MORTGAGES BEING PAID OFF FASTER THAN OTHERS MADE

The fees of the county recorder's office are too high according to County Recorder Vernon Vaughn, who believes that the office should not be operated for the purpose of profit to the county.

"The recording fees could and should be reduced forty or fifty percent," he declared yesterday. "With this reduction there would still be ample to meet all the expenses of the office. I have made this recommendation to the legislature on two different occasions and I mean to make it at the next session."

The monthly report of the recorder's office shows more mortgages released than recorded and reflects business in excellent condition throughout the county. The total instruments recorded were 983 of which there were 219 deeds, 113 real estate mortgages, and 128 releases of real estate mortgages. The total fees for the month were \$1,563.65, the total expenses being \$757.90, and the net profits to the county \$1,005.05.

SMALLEY IS TAXPAYER, RUMOR IS FALSEHOOD

(Special to The Republican)
TUCSON, Ariz., Nov. 1.—Reports that George H. Smalley, city auditor of Tucson and candidate for corporation

NORMAN MCKENZIE IS CERTAIN OF VICTORY

Norman J. McKenzie, republican candidate for mine inspector, returned from Globe and Miami yesterday afternoon after completing one of the most successful swings of the campaign. He will speak at Mesa this evening and possibly will accompany

tion commissioner is not a taxpayer, published in a Phoenix paper, are indignantly denied here by Smalley's friends. George Smalley paid taxes in Maricopa county for eight years and for many years on three houses in Gila county and some lots there.

He paid several hundred dollars in taxes to Gila county yearly, and now pays taxes in Pima county.

OSBORN'S ROOST CAUSES FIREMEN TO TALK A BIT

Ned Osborn, Jr., better known as "Young Nick," a member of the Phoenix fire department and brother of Secretary of State Sidney P. Osborn, was transferred from the Van Buren street station yesterday to Central station. This movement did not cause any comment among the other members of the department, but when it became known that Osborn had been assigned as "secretary" to the chief, and that his salary had been advanced \$20 to the monthly amount of \$100, a storm of indignation swept over the station, which nearly caused trouble.

It seems, according to the story of a member of the department, that there are any number of men who have served longer, and who hold more responsible positions than young Osborn, who are getting a much smaller stipend.

It is the general opinion of those interested that the elevation to the position of secretary, with the increase in salary comes as a result of "services rendered," or in other plain words, it is alleged that the Osborn political machine controlled by Sidney P. Osborn, was actively in the field at the last city election.

It was impossible to learn last night just what the duties of the new secretary will be. One member of the city administration stated that in his opinion the chief did not need a secretary any more than he needed a valet.

Three or four members of the fire department started a movement to either have Osborn's salary reduced to the level of the remainder of the department, or else have theirs elevated to correspond with his.

The increase in salary, say those who know, is against the policy of the city commission. The firemen have made efforts several times to have their salaries raised, but each time have failed. Individual efforts have met with the same result.

There is no record of young Osborn ever having performed any especially meritorious feat, which calls for his promotion, stated a man who is in a position to know. On the other hand, a member of the department was emphatic when he said that there are a number of firemen, who are drawing less money than Osborn, who are among the best in the country.

What the outcome of the new move will be is hard to determine. Osborn entered upon his duties as "secretary" yesterday.

LAW'S AUTHOR NOW CANDIDATE

C. W. Crouse, the republican candidate for county school superintendent, wrote the bill that became a law and segregated the offices of probate judge and county school superintendent. This was done because the professional preparation required in the two offices were of no kin. Senator Aaron Goldberg was the main advocate of this popular bill in the legislature and it became a law without a dissenting vote in the senate.

For efficiency he refers to the testimony of such educators as the superintendent of the Phoenix schools, the presidents of our state normal schools and the superintendent of public instruction; such men as these are able to judge properly.

SENATOR SMITH HERE TO AID IN CAMPAIGN

Senator Mark Smith, the senior senator from Arizona is in Phoenix, to aid his struggling democratic brethren in the wind up of the state and national campaign.

The senator who is advancing in years, was greatly fatigued after his journey, and has been keeping to his room.

He will speak at a democratic rally to be held on the southside today and will make an appearance in Phoenix before the close of the campaign.

This is the senator's first visit to Arizona since last election, when he made several speeches in the interests of his own candidacy.

TWO EXHIBITS TO BE ON AT FAIR

That the sociological exhibit at the state fair will be incorporated in the University of Arizona exhibit, was the announcement made by officials connected with the department yesterday. It will be directly in charge of Professor E. J. Brown, of the department of sociology of the State University. A complete survey of the state is being made in the interests of the illustrations to be used in this exhibit. The railroads will display safety first devices and the welfare work of these corporations will be shown. Public libraries, boards of health, state institutions, and all agencies that devote any attention to sociological work will contribute to the display.

Governor J. H. Kibbey, republican candidate for United States senator, to Jerome Saturday where a rally will be held.

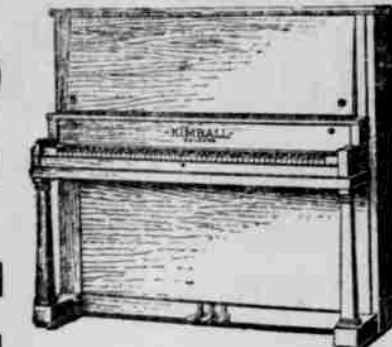

He will leave here Sunday evening for Bisbee where he will finish the campaign. Bisbee is his home town and his many friends there have been urging him to return home for the close of the campaign for a big McKenzie medal.

Last night Candidate McKenzie expressed himself as being exceptionally well pleased with the success of his state-wide campaign. He asserted that he is confident of victory as a result of the innumerable promises of support he has received from all parts of the state.

He has been declaring that his experience as a practical miner will more than offset his opponent's experience as a practical politician and his friends point out the fact that it is certainly quicker than more admirably for the position he is seeking.

FIRST AWARD, KIMBALL PIANO
SECOND AWARD, \$175.00 CREDIT CHECK
THIRD AWARD, \$150.00 CREDIT CHECK
FOURTH AWARD, \$100.00 CREDIT CHECK
FIFTH AWARD, \$83.00 CREDIT CHECK

Hurry Your Answer to the Rebus

WILL YOU ENTER THE CONTEST?

WILL YOU WIN THE PIANO?

RULES GOVERNING CONTEST

All successful contestants will be notified and all prizes must be called for within fifteen days from notice. Only one person in a family can enter. Everyone sending in an answer will receive for their work one copy of Nation's Home Songs. And also, a ten-dollar credit check, good only on the purchase of a new piano or player. We are taking this means to reward you for your work in placing our name before the public of Phoenix and Arizona.

The correct solution of this Rebus expresses a statement of fact which we consider very complimentary to the Kimball Piano, and we want to burn this into the mind of everyone in the State of Arizona. Should there be more than one correct answer, or should two or more tie in being correct in their solution, awards will then be made to the contestant presenting his or her solution displayed in the most attractive manner and of the greatest value to us from an advertising standpoint as judged by the board of judges. None of these prizes will be awarded to anyone connected in any way with the sale of musical instruments. The answers submitted by contestants will be examined at a short time previous to the date on which awards are to be made. The answers will then be examined in the presence of three impartial judges, gentlemen of the highest integrity, selected from well known business men, and who are in no way connected with the music industry, whose decisions will be final and irrevocable.

THE PROUD OLD KIMBALL NAME

With new laurels of victories won, and better than ever before, the proud old Kimball name again bows to the music-loving public of Phoenix. It was a happy day at Marvin's when the message from over the wire read: "Kimball Pianos and Players won Grand Prize and Gold Medal Panama-Pacific International Exposition."

But not until just recently were all the diplomas signed by the P. P. I. E. officials and awarded to the manufacturers of the Kimball Piano.

ETERNAL TRIANGLE TWO MEN AND GIRL INVOLVED IN CASE

Beryl Helene Church 19, Phoenix; Hubert A. Drake 22, Kansas City.

The published notice that a marriage license had been granted these young people led to sensational charges of crime in which not the name of Drake, but of Spencer L. Robinson, "the other man," figured prominently.

The rumors that were current for two days came to a climax yesterday when a warrant was issued for Robinson. In the complaint the girl's age was given as 16.

Whether or not Drake, who arrived here but ten days ago, knew of the alleged affair between the girl and Robinson is not known to the officers who

are unraveling the unusual story that involves the three.

The father of the girl, upon learning of her marriage, appealed to the juvenile court and she was at once given over to the custody of her parents. It was this action on the part of J. R. Church that started the investigation.

Robinson, who is charged with mistreating the minor is an auto driver whose stand is in the immediate vicinity of the soft drink stand on West Washington street where Beryl has been employed. Directly across the street is the restaurant where Drake earns his livelihood. He crossed over one day to see Beryl whom he had known a short time. She was talking to a couple of friends who remarked that they had just been married.

"Why don't you get married?" they asked with a laugh.

Drake was game. He took a ten dollar bill out of his pocket. "Here Beryl, get a license and we'll be married."

"No you go," she is said to have replied.

"Why argue about it. We'll both go."

When they applied for a license the girl gave her age as nineteen and without question the license was granted. It is understood that the marriage took place although there has been no record of the ceremony.

NEW MILL TO BE BUILT AT HAYDEN

That Hayden, although it is not a mining town, is prospering by the copper boom which is sweeping the state, is now apparent, through the report which comes from that place to the effect that a half million dollar reduction mill is to be installed there, to rework the dump from the other mill.

This dump covers hundreds of acres of ground, and contains quite a percentage of copper. The new mill will have a capacity of 6,000 tons a day, and will be constructed on ground near the dump.

turn of the certificate to the office of the clerk of the superior court.

Robinson was arraigned before Justice De Souza and his hearing set for two o'clock Saturday afternoon. His bond was fixed in the sum of \$100 which he had not furnished up to a late hour last night.
